

# COVID-19 Coronavirus Update by Owner Stephanie Kelly

The Coronavirus has taken a toll on all of us across the country. I want to ensure you that we are doing everything possible to reduce the spread and exposure to the virus and all other infectious diseases. I want to emphasize our continued safety commitment to our lead instructor, instructor assistants and our students. We are still holding classes, however there are strict measures in place which are outlined below.

- If you are having any signs of illness (cough, runny nose, fever or other symptoms) or have had these symptoms within the past 24 hours, you will not be permitted to attend class and you will need to reschedule your training.
- All classes will be in blended learning format only. Meaning part of the class will be online and part in person to reduce the amount of time spent gathering.
- As usual all equipment used in class will be decontaminated and sanitized before and after class
- Hand washing upon entering the training center is MANDATORY for all students and non latex gloves will be provided and are MANDATORY.
- Wearing a face mask is MANDATORY upon entering the training center. One will be provided to you if one is available.
- There will be no practice of rescue breathing. During Basic Life Support Classes, a Bag Valve Mask will be used to practice ventilations.

If you have any questions about the measures we are taking or please contact me directly at 317-798-9743 or e-mail [stephanie.kelly@breatheagaincpr.com](mailto:stephanie.kelly@breatheagaincpr.com)

Best wishes,

*Stephanie D. Kelly*
